Tadd Truscott  
Associate Professor  
KAUST

tadd.truscott@kaust.edu.sa  
www.splashlab.org  
(under renovation)

### Apply now:

- To apply contact [tadd.truscott@kaust.edu.sa](mailto:tadd.truscott@kaust.edu.sa) with your CV and we can get started with an interview. We are looking for highly qualified candidates for all positions. The application period is continuous and there are many openings. The job includes, very generous pay, a travel stipend back home as well as multiple conferences per year, insurance, subsidized housing, 14 km<sup>2</sup> enclosed campus living, family friendly, international community, the best equipment available, world class faculty and world class students to mingle with. KAUST is a graduate only institution and is consistently the #1 cited university in the world. Come join us on the beautiful shores of the Red Sea near Jeddah, Saudi Arabia!

The lab seeks to unravel interesting fluid phenomena primarily using high-speed photography and theory. The Splash Lab strongly promotes creativity and innovation in experimentation, measurement and communication. It is an ideal location for strongly self-motivated engineers and scientists looking for a generous palette for their creative abilities who like having fun in their work.
